Subj: SELECTED DELIVERABLES FOR FISCAL YEAR 2006 FINANCIAL STATEMENTS

Ref: (a) Financial Resource Management Manual (FRMM), COMDTINST M7100.3 (series)

1. PURPOSE. This Notice highlights certain procedures for the preparation and submission of the fiscal year 2006 Coast Guard financial statements that are required by the Chief Financial Officers (CFO) Act of 1990, the Department of Homeland Security (DHS) Financial Accountability Act of 2004, and as detailed in reference (a).
2. ACTION. Area and district commanders, commanders of maintenance and logistics commands, commanding officers of headquarters units, assistant commandants for directorates, Judge Advocate General, and special staff offices at Headquarters shall ensure compliance with the provisions of this Notice. Internet release is authorized.
3. DISCUSSION.
 - a. The CFO Act requires Federal agencies to improve financial management and internal controls to assure issuance of reliable financial information. This legislation also requires annual audited financial statements and requires CFOs to develop and maintain an integrated agency accounting and financial management system including financial reporting and internal controls.
 - b. Office of Management and Budget (OMB) Circular A-136 requires agencies to submit the fiscal year 2006 DHS financial statements to OMB and Congress by 15 November 2006. Agencies are also required to submit unaudited interim financial statements to OMB 21 days after the end of each quarter of the fiscal year.
 - c. Similar to last year, this accelerated submission deadline has resulted in across-the-board deadline changes for the fiscal year 2006 financial statements. These due dates are listed on Enclosure (1). Even though the FY06 financial statements are based on 9/30/06 data, the bulk of this year's audit work will be based on the 6/30/06 statements. The 6/30/06 is an extremely important date for audit testing. All functions/activities normally performed at 9/30/06 will

occur for the 6/30/06 “hard close” date, including the Pipeline Verification Process. Consequently, Enclosure (1) includes action items for both due dates/statements. In an effort to facilitate seamless communication during this year’s audit process, a list of oversight coordinators within Internal Controls and Asset Management Division (CG-842) for all functional areas is provided in Enclosure (2). All questions and concerns are to be directed to the Coast Guard’s Chief Financial Officer via the appropriate Functional Area Coordinator.

d. Management Discussion and Analysis (MD&A):

- (1) The Management Discussion and Analysis (MD&A) is a key part of any financial statement. Its purpose is to help those who use the financial statements understand the Coast Guard’s financial condition and operating results. In accordance with OMB Bulletin No. 01-09, the MD&A will discuss, at a minimum, the Coast Guard’s mission and organizational structure, its program and financial performance goals, objectives, and results, as well as an assessment of its systems, controls, and legal compliance. Program and financial results should be expressed in terms of objective, relevant measures that disclose the extent to which the Coast Guard’s programs are achieving their intended objectives. The MD&A may also include forward-looking information about the possible effects of anticipated future demands, events, conditions, and trends. Performance information appearing in the MD&A should be consistent with information appearing in performance plans and reports and budget documents.
- (2) Along with its principal statements and related footnotes, the Coast Guard will submit an MD&A with the most significant programmatic and financial performance measures to DHS. Performance information to be included in this MD&A shall be gleaned from the Coast Guard’s FY 2006 budget submission and the FY 2006 CG Performance Plan. As in FYs 2004 and 2005, this year’s report must be a combined performance and accountability report. It must include the Annual Performance Report required by the Government Performance and Results Act (GPRA), as well as the annual Coast Guard financial statements and other reports.

4. RESPONSIBILITIES. (See enclosure (1) for specific deadlines)

Provide FINCEN with year-end accounts payable accruals for inclusion in the annual CFO Statements. Examples of items to be included are Project Management Data Sheets, medical liabilities, CHAMPUS claims, travel claims, and household moves (specific description of accrued liabilities will be provided by Commandant (CG-84) staff).
